KNOW sooner
Ready now to give your patients the results they need

Increased capacity and faster-than-ever turnaround times for COVID-19 testing

COVID-19 testing is critical to overcoming the current healthcare crisis and Quest Diagnostics has increased its lab capacity to help you with your patients' COVID-19 testing needs **today**.

Testing is key, not just to determine effective treatment, but to help reduce the anxiety many of your patients may be feeling.

With faster-than-ever turnaround times and accessible testing programs, we are here to help inform treatment plans and deliver the peace of mind that comes simply with **knowing**.

- **1-2 day average turnaround time, less than 1 day for priority patients**
  Escalate care for those who need it and monitor those who test negative. <u>Learn more</u> about our Priority Specimen Handling program

- **Backlog eliminated with capacity to process 45,000 tests per day**
  Increased lab capacity with testing available for everyone

Testing today means overcoming COVID-19 sooner.

Quest has performed:

800,000
COVID-19 tests from March 9 to April 13

40%
of all testing by commercial labs

We're committed to providing clarity and results in the face of uncertainty, keeping Patient Service Centers open, and taking enhanced safety precautions to help patients maintain their overall health. For the most vulnerable patients needing lab services not related to COVID-19, our <u>Peace of Mind program</u> provides access to the lab testing they need.

We will continue to urgently respond to quickly evolving needs and work tirelessly to deliver the answers and connections that will help us overcome this challenge together.

Please contact your sales representative or visit our COVID-19 website for up-to-date information.
